Jeweler and Optometrist

Mr. D. E. Johnson of Carthage was in this city Monday. Mr. Johnson recently heard Frank Stockdale of the Star Chautauqua system, lecture in Parsons and was so impressed by his talk that he will make the trip to Jasper during the Chautauqua with a party of friends to hear it again. Mr. Johnson says that not a farmer can afford to miss it.

Here's an instance of the way the automobile has done away with distance. Ora Comer, who lives twenty-three miles from town in Southwest township, was in town doing some trading the middle of the afternoon, Saturday. He remarked to a friend that he ate his dinner before he started to town. In the old days, a farmer that far away from town started at sunup.

Lamar Democrat.

Pitts the Paint Man.  
Cream! Cream! Cream!  
Take it! Wheat and try his test.

Ice Delivered.  
Redmond will deliver ice to any part of town.

Stove - Repairs

While it is hot let us order the needed repairs for your cook or heater, as you will need them before the snow flies.

Come early and avoid the rush. We order repairs for any and all makes and kind of stoves.

Yours truly,

Bayne's Hardware

### Take Off Your Hats to Swifts Pure Bone Meal and Potash.

L. and R. Winder thrashed 25 acres of wheat last week that averaged 37 bushels to the acre. The fertilizer used was Swift's Pure Bone Meal and Potash. Now you good farmers, take off your hats—hip! hip! hip! hurrah! hurrah! hurrah! for the best yield so far this year. Some of our friends used to tell us that fertilizer ruined the ground, but Mr. Winder has been using fertilizer for 20 years. It might pay you to see what condition his ground is in when he sows wheat. Forget not to use 1.85 nitrogen, 25% phosphoric acid, and 3% potash, and the name on the sack should be Swift's Pure Bone Meal and Potash.

Swift's Special Grain Grower that has a manure filler leads any grain grower we know of, not only at the Columbia experiment station but in Jasper and Barton Counties. Some may tell you their fertilizer is as good or better than Swift's, but it is like going to the races and seeing a horse give a little spurt of speed once in a while and fag out on the home stretch. Swift's is not only good to start the wheat with in the fall, but it gives the plant food to feed on up to the time your wheat matures; and the yields here in Southwest Missouri prove it. Like the Hercules Buggies we sell Swift's must be called the good kind.

Come see your humble servants.

### Webb Brothers

School Opens September 1.  
School opens in Jasper Monday, September 1, is the decision of the school board at their last meeting. There will be few changes in teachers and text books this year.

Former Jasper Resident Dies.  
Mrs. A. M. Crandall received word Sunday of the death of her step mother, Mrs. Annie Snyder, which occurred at Los Angeles, Cal., August 5, at the home of her only daughter. She had been a great sufferer for several months. Her death was due to a complication of diseases. For a number of years Mrs. Snyder lived in or near Jasper, and will be remembered by many of the older citizens.

In Honor of Miss Johnson.  
Mrs. Creta Deardorff was hostess at a very pretty reception at her home Tuesday afternoon of last week in honor of Miss Johnson of Philadelphia, who visited her sister, Mrs. J. N. Marsh, several days. The game of "hearts" was played during the afternoon, the first prize, a dainty hand-painted picture, going to Mrs. O. E. Roberts, and a pretty tray, as consolation prize, going to Mrs. Charles Ward. Dainty refreshments were served on the lawn.

Found Dead in Bed.  
Mrs. John Carns, an elderly lady, was found dead in bed Sunday morning at her home in the Lebanon neighborhood. Mrs. Carns had been in poor health a year or more, but it was not supposed that her condition was precarious.

One of her sons was at home at the time, and after the usual hour for Mrs. Carns to arise he went to her room to investigate and found that his mother had passed away in the night.

The husband of deceased, John Carns, and his son Frank, left last week for a prospecting trip to New Mexico, and it has been difficult to locate them. It was expected that the funeral would be held yesterday (Wednesday), if the husband and son could be communicated with by that time.

Mrs. Carns was much esteemed in her neighborhood, and her sudden passing is regretted by a large number of friends and acquaintances.

Cut Flowers, Carnations and Roses.

We deliver, free by parcels post, carnations, 50c a dozen, roses, \$1 a dozen. Sprays for funerals made, no extra charge; also designs made at reasonable prices and delivered by express, charges prepaid. We are the largest growers of cut flowers in the Southwest. Phones, Bell 168, Home 767.
